

# Map of Cyrhla Villas

**Stage I - Cyrhla Villas**  
12 apartments with an area of 110 m<sup>2</sup>. Each has a 40-metre terrace with a hot tub.

**Stage II - Cyrhla Villas**  
4 buildings with 7 apartments each ranging in size from 53 to 63 m<sup>2</sup>. Each villa has a common hallway, a ski room and a spa area of more than 80 metres (sauna, mini pool).

**Stage III - Cyrhla Villas**  
2 buildings, 12 apartments each ranging in size from 53 to 63 m<sup>2</sup>. One of the buildings houses: a café (breakfast room), a SPA with Balinese massages.

**Gate I and II**  
The entrance to Cyrhla Villas will be decorated with real works of art - intelligent gates inspired by the Witkiewicz style made by local craftsmen.

**Café/breakfast room**  
Delicious breakfasts (with the option to order to your apartment), delicious coffee and healthy meals in a space infused with nature and art. You can organise your or your child's birthday here.

**SPA and Balinese massages**  
Children will be provided with plenty of activities in our green area, for adults we are creating a unique SPA space with original Balinese massages.

**Carports and wallboxes**  
The silence that shrouds Toporowa Cyrhla motivates us to encourage our Guests to travel by electric cars, scooters and bicycles. That is why we have located more than a dozen electric vehicle charging points, powered by photovoltaics.

**Brook**  
The area of Cyrhla Villas is lined to the east by over 200 m of a natural, not too deep brook. We have created a winter swimming area in it, and the small illuminated waterfall will be a wonderful place for an evening stroll.

**Children's peninsula**  
The meandering stream has created a natural peninsula, hidden from the world - on it, among the trees, we will create children's houses and a unique playground with old highland objects.

**Alpaca farm**  
On the adjacent plot we are starting an organic farm with wonderful alpacas. We are planning alpaca therapy, a day with alpacas for children and products made from alpaca fleece.

**Calisthenics**  
A natural workout for children and adults in a specially designed outdoor space - trampolines, balance boards and ropes will be a challenge for everyone.

**Barbecue pavilions**  
We are planning 3 barbecue pavilions with flower meadows on the roofs equipped with bread ovens, which will become a place for friendly get-togethers and unforgettable feasts.

**Yoga platform**  
On the slope above the creek, among tall spruce trees listening to the sound of the flowing stream, we will create approximately 40 m<sup>2</sup> of space for yoga and tai chi enthusiasts.

**Sunny beach**  
A shallow, wide stretch of the brook with small stones created with younger children and parents in mind (with a beach house and deckchairs) in an area of over 200 m<sup>2</sup> surrounded by tall spruce trees.

**Arboretum of plants from the Podhale region**  
The neighbourhood of the Tatra National Park prompted us to create a mini arboretum for the many species of flowers and plants characteristic of the Podhale area.
